"Henry Freeman's mom was shot in the head!" It spoke evilly. As if venom was piercing through his veins, John Freeman yelled back.

"COMBINE! YOU WILL ALL SUFFER!" He yelled in a fit of rage as he jumped high enough and kicked the Dark Man in the face.

Henry Freeman looked at him for a moment.

"No! Dad, we have to FIGHT for FREEDOM!" Henry Freeman said and immediatly after the rest of the people cheered out.

"JOHN FREEMAN! WE FIGHT!" They said and they did not go anywhere either.

>John looked down than looked back up and saw the humans and John Freeman charge bravely torwards the hordes of Combine.<p>

John Freeman got quiet for a little bit than looked at his weapon and put it down on the pavement.

"I have to kill Combine... AND bullets are TOO SLOW!" He than charged at Combine and ruthlessly began to beat them up with his bear hands.

>He grabbed one soldier and twisted his head, breaking the soldiers neck.<p>

"TIME FOR YOU TO DIE JOHN FREEMAN?" Gordon Freeman yelled.

"No bro..." John Freeman said than kicked Gordon Freeman in the part of the face that held the Combines brain chip.

"B- Bro..." He said in a painful manner so John Freeman got down to his level.

"Combines tricked me... I'm sorry..." He said with tears falling from his eyes.

"I know bro... But you are a hero!" John Freeman tried to comfort Gordon.

John Freeman held him close but his breath began to go slower and slower.

John Freeman put down Gordon Freeman and looked around and saw animals and humans.

He looked at the dangerous tower and knew what had to be done...

"SON AND PEOPLE GET BACK!" He yelled out real loud.

Henry Freeman got off of the turret and went up to John Freeman.

"Son, take the motor cycle and leave the city with the people!" He ordered.

"B- BUT DAD! I FIGHT!" He said

A Combine Elite stabbed him in the back John Freeman winced from this attack but turned and punched him, killing him.

John Freeman ran torwards the button but was too late, the humming of the tower grew extremely loud and the entire room exploded vaporising in a glow of blue but in the last minute, John Freeman looked outside the window and saw the humans and John Freeman in a far off place.

"I'll always be watching..." He said smiling as the tower, and city, evaporated...

Henry Freeman looked sad at the ground and a few tears dropped...
